ABOUT US

Mavec Advisors, LLC (a NYS certified SDVOB) was founded in 2011 as a staffing firm and has built on those capabilities to meet the changing needs of clients; adding millwork install, construction management services and more. From staffing airport projects and power utilities to delivering thruway service area refrigeration and millwork, we are focused on exceptional project outcomes at every point in the process.

PROJECT EXPERIENCE

- NYSTA: NYS Thruway Service Areas – 12 Locations to include interior millwork packages for common areas and QSRs
- In-house installation team executes builds and performs service calls
- Custom field adjustments
- Covering entire state of New York
